**PRODUCT:**

Phantom's retractable door screen

**NEED:**

The homeowners needed a screening solution for their front entry door which was both aesthetically pleasing as well as safe for their grandchildren to use.

**SOLUTION:**

The sophisticated design of Phantom's latch and release handle means it's easy for children to operate. The screen also comes in a variety of colors so the housing matches the door trim perfectly - never distracting from the look of the home.

## OVERVIEW

When it comes to their house, these homeowners value style, comfort and family-friendly design elements. So, the decision to add a Phantom retractable door screen, which is both sophisticated and functional, was easy. What's best is it creates a cross breeze down the home's long hallway - cooling and ventilating the upstairs of the home.

The homeowners loved that Phantom's retractable door screens come in a variety of colors and are professionally installed - so they knew their screen would be the perfect fit for their home's front entry. Making their purchase even simpler, was the added confidence which came with Phantom's industry leading lifetime warranty which is included with every purchase.

## APPLICATION HIGHLIGHTS

### Insect-free natural ventilation

The retractable screens feature Phifer™ insect mesh with 45% openness which allows homeowners to open the doors and enjoy the breeze without having to worry about letting in the bugs.

### Easy operation with secure closure

The integrated latch and release handle is durable and easy to use. It closes the screen securely to prevent accidental openings in breezy conditions.

### Complements any doorway

Phantom retractable screens blend with all types of single or double doors without distracting from the door's unique design.
