

Sunsational Solar Shade

Phantom Screens provide sun protection for this family home in Kelowna, BC

LOCATION:	Kelowna, British Columbia
HOUSE STYLE:	Contemporary
PHANTOM PRODUCT:	Phantom motorized retractable screen with cable guide
MESH TYPE:	E-Screen 7510 mesh
PHANTOM DISTRIBUTOR:	Phantom Screens Okanagan
NEED:	With the hot afternoon Okanagan sun shining on to their back balcony, these homeowners were limiting their time outside eating and entertaining on their beautiful deck and in need of major sun protection.
SOLUTION:	Phantom's motorized retractable screen with cable guide system and solar mesh was installed on the home's upper deck, providing sun protection for both inside and outside the home. Now, the homeowners can enjoy dining and entertaining outdoors all summer long.

"We really like to eat outside in the summer, but we couldn't do it before because of the harsh sun and heat – but can now thanks to Phantom Screens!"

— Jean
Happy Homeowner

OVERVIEW

Summers in Kelowna, BC, are famously hot, dry, and sunny, and this family home is no exception. The upper deck, with its spacious covered outdoor area, provides an ideal setting for entertaining and dining. However, the scorching afternoon sun makes it difficult to truly enjoy time outside.

By installing Phantom's motorized solar shade on the covered patio, the solar mesh now blocks the harsh sun, shielding the family from heat and extending the lifespan of their furniture and furnishing from damaging UV rays. The screen fully retracts out of sight, preserving the views and the home's design, ensuring the beauty of the outdoor space remains uncompromised. Expertly installed with a limited lifetime warranty, Phantom Screens ensure lasting value and comfort.

Reduce UV rays
& solar heat

Eliminate

APPLICATION HIGHLIGHTS

It all starts with your outdoor space: Your screen will be custom-built to fit your space perfectly – whether it's a patio, deck, pergola, large window or glass wall, we got you covered.

Mesh & fabric options: Your screen's material gives you control over what comes in and out of your space. Choose a tighter or looser mesh or even blackout fabric for your space's need. Things heating up? Try our solar mesh to block the sun.

You're in control: Phantom Screens has partnered with Somfy® for easy to use options. Hand-held remotes, wireless wall switches, sun & win sensors, and more. Motorized screens can be integrated into most home automation systems, smart devices and smart home apps.
